

Capability Statement

WHEN QUALITY MATTERS WE ARE HERE FOR YOU

ABOUT US

We are a diversified small business providing construction management, construction support services, and commercial seafood distribution solutions. Our construction division delivers quality-driven project management and construction services on an as-needed basis, with a strong commitment to safety, compliance, and workmanship. We carefully assess every project to ensure we have the expertise, resources, and capacity necessary to deliver successful outcomes that meet or exceed client expectations.

Through our DBA, East to West Fresh, we procure and distribute fresh seafood products across multiple states, supporting commercial and institutional customers with dependable sourcing, logistics, and timely delivery.

CORE CAPABILITIES

Construction Management: Construction project planning, coordination, oversight, scheduling, quality control, and contractor management for commercial and government facilities.

Roofing Services: Roofing installation, repair, replacement, inspection, and preventive maintenance services for commercial, institutional, and government-owned facilities.

Flooring Services: Flooring installation, replacement, refinishing, repair, and maintenance, including resilient, hardwood, tile, and specialty flooring systems.

Janitorial & Facility Support Services: Routine and specialized janitorial services, facility cleaning, sanitation, floor care, and building maintenance support to ensure clean, safe, and operational environments.

Concrete & Foundation Services: Concrete placement, foundation construction, structural concrete work, repair, and site preparation services.

Painting & Wall Covering Services: Interior and exterior painting, wall coverings, surface preparation, coatings application, and finishing services.
